

Subject: Important Summer 2020 Announcement

Dear CAM Families,

Thank you for your patience and understanding over the last few months as we have gathered information and waited for guidance from public health and the Association des camps du Québec (ACQ). Yesterday, the Government of Quebec announced that overnight camps in Quebec will not be permitted to operate until summer 2021.

While this decision is very difficult for everyone who loves camps -- especially children and their families, Camp Amy Molson understands and supports this decision. While we will not be running in person on-site programming, we remain committed to providing our families with the support that they might need within the limitations of the public health guidelines. We will share any information that we receive regarding day camps that will be operating this summer and that still have spots available.

Our directors are hard at work to plan and implement an online program that will be beneficial to our campers and families. We recognize that online programming may not be the best solution for everyone. While CAM is often about disconnecting from technology, being present in the moment and connecting with others, something that will be a challenge this summer, we remain committed to finding a solution that can still allow us to build meaningful connections and have a positive impact on our campers. We will keep you up to date with our developments.

A question that we are sure many of you are wondering about is regarding any deposits you have already made for the upcoming season. We are committed to refunding all amounts paid for summer 2020.

We would like to propose the following **two refund options**:

- (1) If you have paid **more than** the registration fees, you will be **fully refunded** unless you notify us to hold onto your payments for next summer
- (2) If you have **only paid** the registration fee, **we will hold the payment** for next year's registration unless you ask us to refund you.

We will keep you updated on our timeline for processing and issuing all refunds.

If your children have any questions about why camp is not happening or what we are planning in place of in person on-site programming, they can reach out to us directly or you can reach us on their behalf at;

Email at [office@campamymolson.com](mailto:office@campamymolson.com)

Instagram at <https://www.instagram.com/campamymolson>

Thank you for your understanding. We look forward to seeing you this summer online and can not wait to welcome you back to our site for summer 2021!

Shauna, Debbie, Andrew & James

P.s. Just because we won't be together doesn't mean that our CAM spirit can't be with you. "ONE, we are CAM, TWO, a little bit louder, THREE, we still can't hear you, FOUR, MORE MORE MORE ....."
